SUMMARY

I find fulfillment in life through the quality of my work. My work is a reflection of my values, and something in which I take pride.

EXPERIENCE

Sales Associate / Key Holder - The Dawg Den
July 2012 - Current

Responsibilities include opening and closing the store, managing daily/monthly sales goals, handling deposits, and reviewing/submitting payroll for employees.

Network Administrator - Eta Beta Residence
Jan 2012 - Current

As a network admin, I routinely maintain the residence's network. My responsibilities include configuring/resetting routers, helping with resident specific connection/computer issues, and recommending hardware purchases when upgrades are necessary.

Mac Tutorial Writer - Raywenderlich.com
October 2011 - July 2012

Responsible for a series of paid tutorials walking users through the process of development for the Mac and iPhone platform. Operated under stringent deadlines and punctually delivered. (http://goo.gl/9QYZd)

EDUCATION

Gilbert Classical Academy - 3.67 GPA
Graduated with honors May 2012

University of Washington - Computer Science - 3.5 GPA
Expected graduation June 2017

Spent a year after high school to obtain in-state residency for tuition purposes. I am currently a freshman pursuing Computer Science. I have not yet been accepted into the department.

SKILLS / ACHIEVEMENTS

- Contribution to the Python Software Foundation
- Windows/Mac Fluency
- Basic network configuration
- Full tuition scholarships for U of A and ASU
- Classical Guitar - 5 years of lessons
